Overcoming flowers and storms, and being a middle-school student took 3 years.

Those who fight, those who fight, will not let go of our circumstances so easily.

Be that as it may, this world is a paper balloon, there is misfortune and opportunity.

Thanks people for reading this chapter. I got this chapter from a Chinese website which had translated it into Chinese. Chinese being my second language I thought might as well give it a go and see how translating a manga is. I loved this manga and felt sad the translating stopped. I must apologize that I am not fully proficient in Chinese and did have to use a chinese dictionary in some parts. With some parts having a little guesswork too. It's not a completely direct translation but more to give a gist of what is happening. Do apologize for any mistakes as this the very first time I've done anything like this.

Cheers

Hello Folks, this chapter was quite a bit harder than the others in terms of the difficulty of translating the words. Luckily there were less words to translate! I've taken up the task to at least translate up to how many the Chinese have translated which is about Chapter 65 I believe. After that I don't think there are any Chinese translations. So savour these as you go! I once again apologize for the sometimes horrible grammar and translating but Chinese is not my first language, far from it. Some of the references have been liberally translated as to get the general meaning across but I've tried to stick as closely to this Chinese translation as possible. Anyway thank you for enjoying this chapter. Please remember this is a one man operation with this being my second ever translation.

Cheers

Karuta !?
Aren't you always saying in the classroom that you want to play Karuta ??
Mawan! Want to play Karuta?
For the time being, let's stop with the game-.
I'll bring them over

mangareader.net

ニコニコ
Yup!
Let's do it!
Karuta!
Then... I'll read the cards~!
I suck at Karuta!
Do you have any experience at Karuta, Shiranui-san?
Occasionally with my brother in my childhood...
Karuta is Nagasumi-kun's and my specialty!
Good then. Within limitations I don't have to hold back!
I see...

mangareader.net

mangareader.net

Note. All of these phrases are real karuta phrases but with the second half in weird katakana/engrish

Shiranui-san got it?
Even though it was right infront of my eyes by chance?
"Even dust when accumulated MOUNTAIN"
Hmm
Nagasumi-kun got it
I couldn't react

mangareader.net

MAWARI !! Do you not yet get it?!
Shiranui-san's reaction speed is already beyond ours! GET SERIOUS!!
"Lapis Lazuli and Crystal FLASH"
"Hard work will soon catch up to PUNISH-MENT"
"A boy living near a temple READS"

Seeing Mawari and her seriously playing Karuta in such a long time was really fun!
Well, even though you lost — isn't losing okay?
Even though I... have never lost at ANYTHING AT ALL in this lifetime of mine...!
Ye.... yeah it was!
Ah...
But isn't there some way we can beat the perfect Shuranui-san!?
Haha... the truth is that Mawari just hates losing....
Does everyone want drinks?
Oh my? Is that Karuta?
Nagasumi-kun's Okaa-san?
NO!!
No no no no YOU ARE .....
mangareader.net

mangareader.net

The Karuta EMP-EROR !!!!
Oh my! What a nostalgic name!
The All-National Karuta Tournament's opponent, the Legendary Personage!!
That multitude of fine performance resulted in the new name of the Karuta Emperor!!
I was guided on the Way of Karuta by you, Master!!

None of us can win against Shiranui-san!!
Can Master please fight for us!!
It's been a while since I've done something like Karuta!
.., Then let's have a fun time, Shiranui-san!
I accept your challenge!
Is my mom really that amazing?
SHH! Be Silent!!

Will it be ok not to look?
{EMPTY LIGHT}
She closed her eyes ?!
IT CAME!
Master's Karuta secret skill:
Umm ... then:
"LOOK at heaven through a reed'

Spending time searching for cards isn't necessary !?
"Moonlit nights ----"
(M)... there it is! Right in front of my eyes!!
I'LL TAKE IT !!
[Empty Light] is knowing where all the cards lie!!
Taken ?!?

DRAGON
!?

mangareader.net

...I saw the dragon !!
Dragon !?!
Her arm bends so much like a whip that the opponents see a dragon!
Uncaring as to what her opponents are doing, she carries off the cards!!
That is the Secret Skill [Ascending Dragon]
WHAT THE HELL KIND OF BEING IS MY MOTHER ?!?!

mangareader.net

Lots of zero's! It's Oka-san's victory!
I couldn't even get one ....!
I'm sorry, Akeno-chan
that I didn't hold back at all!
It's just that I would always prefer my opponents to go at it seriously!
Certainly
I understand that the world of Karuta is profound and deep!
I would also like to be shown those Karuta techniques !!
WHO THE HELL ARE YOU ????

mangareader.net

manyareader.net

Saturn !!
Why didn't you invite me too, San-chan..?!
Everyone seems so happy playing games....!

NO DON'T~
Eh.... above?
how long has she been there using that hair that can attach to anything!?
The seaweed -type mermaid Saturn
Close your legs!
S..Skirt!
In any case don't!!!
Wai... what are you doing ?!
Come to think of it, Shiranui-san.....

Don't move so much !!

mangareader.net

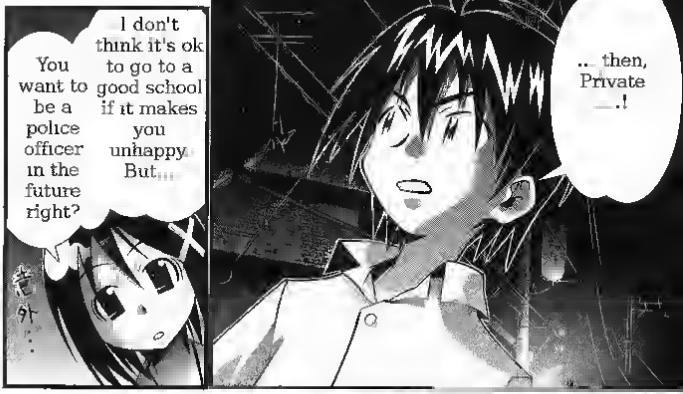
TI note: I love this series

Saturn, this way!!
Listen to what I'm trying to say!
Do you need me to teach you the es of iety?
Stay still !!
Ca Calm down Shiranui-san! Doing that kind of thing in front of people is .
'Don't' meaning she's at the limits of her reason!?? Shiranui-san, to Mawari to such a great extent.....?

It... it's ok... everyone has different tastes!
my bad, Zenigata Mawari...
ドキドキ
I was scared... I thought she was going to kiss me or something!!
Wait a second Mawari!
Naga-sumi-kun?
You— do you have anything you're worrying about or something?
Eh? Why?
Well then, thanks for having me over!

Because you suddenly said you wanted to go over to my house.
Is there anything you wanted to discuss or...?
...Superb Deductive skills!
You're high school will be a public one, right?
Ahh... yeah I have to choose one though
What, are you worrying about getting into a better school?
Father wants me to go to a private school
It's far away... and I won't have any friends... what should I do?
Well, that is something that affects your life and because I can't take responsibility for it....
I know all about something like that!
I'll take responsibility myself!
...it would be irresponsible of me to say anything.....
I just feel that I want to know what Nagasumi-kun would pick!!
So? Which?

mangareader.net



You want to be a police officer in the future right?
I don't think it's ok to go to a good school if it makes you unhappy. But...
... then, Private ...!

"Please protect us at the crime scene!"
"Please become an important person Mawari-san!"
All I can do right now is support you in reaching your dream!

Mawarin will catch me!?
What a bad way to end it!
Eh? If I joined San-chan's group...
You try your best at your dream!
What's more, in those commissioner movies that person always ends up as the suspect!
クスクス
What kind of clichéd line from a scene in an old drama is that?

Yes, this guy does do work: he's what makes this into a group.

On that note, there are no more raws for Seto no Hanayome, so we're picking up something else that didn't get loved enough to finish. It'll be a surprise though.

So, I'm glad I finished SnH (what raws there are at least), because now I'll actually be doing something all group-like.

But if anyone can find v15 & v16 raws I'll finish up SnH.

Until then: watch for our other releases!

Hello all. This is similar to the few chapters by Jeff (thank him, whoever he is) This is my first ever translation, did it from scratch, but these were from the Japanese raws. I didn't want to step on anyone's toes, so I skipped chapter 63 (which I assume Jeff is working on) and went to 64. I am in the same boat though as him, in that raws beyond chapter 65 are impossible to find. If any of you can find raws for v15 and v16 [the last two volumes]... you'll get more Seto no Hanayome. In terms of how easy it is to TL, this series has a ridiculous amount of furigana, making the only impediment to my Japanese (my weak-a** kanji) less of a problem.

Note: according to last update FoOlzRulez has stated they are still planning on doing 35-37. So until the rest of the series/available raws have run out, not touching that. When it gets there, I'll contact them.

This is the only clothing that I have of this size... but are you going to be ok being this rude to your actual older sister??
And Onee-sama too, why are you always wearing that uniform when you didn't actually enroll??
Ye-Yes?!
Naga sumi -sama
May I sit here?
Because when she heard that, Maru-sama, and therefore I, came to say this!!!
It is too my busi-ness !
That's none of your business!! Leave me alone!!
What's more, I hear your confession to Nagasumi-sama was rejected?
Umm... do you have any business with me?

If by any chance you wish to date,
Am I not an acceptable choice?
Again ??!
Why are these sisters becoming human sized and cofessing to me?
In replacement of San-chan? But Fuki-chan should be serving Maru-chan...
Fuki-chan... liking me is a lie, right?
I would not speak these words as lies...

Nagasumi is MINE!!

Real grade school students should go home and sleep!
Nagasumi-sama is already going out with a grade schooler?
So Nagasumi sama's tastes lie in that direction
My development backfired !)
No... you're not any different
I won't say it, but you don't have any either

On another note, I eventually plan on redoing 61 and 62, and getting 63 out next unless Jeff does it! Props to him as always.
